

IN THE DRAWINGS

Figure 1 - Reference numeral 100 has been added

5 IN THE SPECIFICATION:

Please amend the following:

On Page 8, line 20

10

Amend "chamber 14."

to read

15

"chamber 14; the fixture of the chamber 14 to the armature, at 100, constitutes a link by means of which motion of the chamber 14 drives the armature."

On Page 11, line 10

20

After "on useful generation."

insert

25

"The portion 20a of the armature may be considered a link which mechanically connects the float 21 to the generative part of the armature 20 in the region of the stator 23."
